Dear Principals of constituent/affiliated colleges,

Seeking suitable faculty from constituent/affiliated colleges of JNTUK to participate in 5-days Indo-US 21st Century Knowledge Initiative grant sponsored academic enrichment program **“Transforming Computer Science Education: Discovery, Innovation, Entrepreneurship, and Standards”**

Preamble: JNTUK received the *Indo – US 21st Century Knowledge Initiatives Grant for “Promoting University – Industrial Cooperation, Creativity Diversity and Entrepreneurship in Computer Science”* in collaboration with Chicago State University, I.L., USA. for a period of three years and now the second year grant activity is going on. The main aim of the project is to make the students industry ready during their study (earn while learn concept). To fulfill the above mentioned aim, four faculty members from constituent / affiliated institutions of JNTUK can visit Chicago State University on an academic enrichment program spread over five working days, tentatively 13th November 2017 to 17th November 2017.

Who can apply: The teaching faculty of **CSE/IT/MCA** departments working in **constituent/affiliated colleges of JNTUK**

To be eligible, the participants must have active **industry oriented research in statistical/mathematical applications for data analytics and/or computer science and engineering applications and a record of industrial collaboration. Participants with interest in active learning pedagogies, or instructional technology, or embedding entrepreneurship in curricula, or developing further collaborative projects with hands on coding experience will be given preference.** The seniority is not the criteria for selection.

The enrichment program, experience will be highly interactive; participants will have allocated time to present their research, interact with their industry leaders, and engage others on discussions on curricular innovation, workforce development, and providing access and opportunity to students with challenging backgrounds. The trained faculty are expected to share their experiences with other faculty and train the students to become industry ready.

The desired applicants may send their hard copies of biodata focusing on their contributions and achievements mentioned as per the eligibility criteria through proper channel, by **25th September 2017** to The Registrar, JNTUK. Advance copies to save delay can be emailed to registrar@jntuk.edu.in with copy marked to Professors J.V.R. Murthy (director.ic@jntuk.edu.in), and Rohan Attele (kattale@csu.edu).

The shortlisted candidates will have to appear for an interview in person/online before the selection committee.
