He is having the wide theoretical and practical knowledge in the power grid related issues. He has secured gate rank also. Teaching is his passion. His delivery of lecture is awesome through which students are inspired.

Report

1. Report in brief by Organizer / Coordinator / Convener:

The department of Electrical and Electronics Engineering, Ramachandra college of engineering organized a educational industrial visit to APSLDC, Vijayawada for IV-EEE A&B students on 08/09/2018. This visit helps them to understand the practical concepts of the course ‘ Power System Operation and Control’ which they are having now in their curriculum. APSLDC is AP State Load Dispatch Corporation, which will be under APTRANSCO.

The main objective of industrial visit is to provide a correlation and understanding practical concepts with theoretical academic concepts.
