BOS-MINUTES OF MEETING

Friday, June 1st 2018.

The BOS Meeting of Ramachandra College of Engineering, Eluru is held at the Secretary's chamber at 02.00PM on June 1st, 2018.

AGENDA:

1. To plan the Certificate Programs to be handled for A.Y 2018-19.
2. To Plan the Add on Programs to be handled for A.Y 2018-19.
3. To Plan the Value Added Courses to be handled for A.Y 2018-19.

The Following points has been discussed and resolved:

1. As per Discussions made the following are the Certification Programs to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Department to be Organised
1	AMCAT Training Program - CIVIL	Civil Engineering
2	AMCAT Training Program - EEE	Electrical and Electronics Engineering
3	Skill Based Practicle Approach on MATLAB-Programming	Electrical and Electronics Engineering
4	Computer Numerical Control Turning under PMKVY Scheme	Mechanical Engineering
5	Lathe Operator under PMKVY Scheme	Mechanical Engineering
6	AMCAT Training Program - Mechanical	Mechanical Engineering
7	TV Repair Technician Under PMKVY Scheme	Electronics and Communication Engineering
8	Skill Based Practical Approach on MATLAB-Programming	Electronics and Communication Engineering
9	AMCAT Training Program - ECE	Electronics and Communication Engineering
10	Domestic Data Entry Operator under PMKVY Scheme	Computer Science and Engineering
11	NPTEL Certification on Problem Solving through Programming in C	Computer Science and Engineering
12	NPTEL Certification on Programming in Java	Computer Science and Engineering
13	AMCAT Training Program - CSE	Computer Science and Engineering
14	Financial Institutions and Markets	Master of Business Administration

2. As per Discussions made the Add on Programs to be undertaken in this Academic year by the respective Departments and should be planned accordingly by the respective HOD's

3. As per Discussions made the following are the Value Added Courses to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Course Code	Department to be Organised
1	Bridge Course	BC001	Common to All Branches
2	Course on Communication Skill and Personality Development_Module-1 (For Second Year Students)	CS003_1	Common to All Branches
3	Course on Communication Skill and Personality Development_Module-2 (For Third Year Students)	CS003_2	Common to All Branches
4	Course on Communication Skill and Personality Development_Module-3 (For Fourth Year Students)	CS003_3	Common to All Branches
5	Yoga and Meditation	YM004	Common to All Branches
6	Entrepreneurship Development Program	EDP005	Department of Electrical and Electronics Engineering
7	Making and Maintenance of Electrical Appliances	MMEA006	Department of Electrical and Electronics Engineering
8	SOLID WORKS	SW007	Department of Mechanical Engineering
9	CNC Turning and Milling	CNCTM008	Department of Mechanical Engineering
10	Printed Circuit Board Design and Fabrication	PCBF009	Department of Electronics and Communication Engineering
11	JAVA Programming	JP0010	Department of Electronics and Communication Engineering
12	.NET Frame Work	.NFW0011	Department of Computer Science Engineering
13	Ethical Hacking	EH0012	Department of Computer Science Engineering
14	British Council English Communication Skills Program	OPT_GE_AP_NT	Common to All Branches

The Members Present at the Meeting are:

S.no	Representatives	Name of Board Member	Designation
1	Member of Society	Sri K Venugopal	Secretary
2	JNTUK, University Nominee	Dr.P.SubbaRao	Member
3.	Representative from Industry	Mr.K.Chandra Kaladhara Rao,ADE,Stage IV,VTPS,Vijayawada	Member
4.	Principal	Dr.Dola Sanjay	Member
5.	Vice Principal	Dr.Jagan Mohan Rao	Member
6.	Academic Co-ordinator	Mr.Patcha Khan	Member
7.	HOD-CIVIL	Mr.Satyanarayana	Member
8.	HOD-EEE	Prof.S.Jayalakshmi	Member

ABOUT THE COLLEGE

RAMACHANDRA COLLEGE OF ENGINEERING is a vibrant, forward looking Institution offering a high quality learning experience with a welcoming and friendly environment. **RCE** is approved by AICTE and affiliated to JNTU Kakinada. RCE aims at establishing academic credibility as an Institution offering dynamic UG, PG Engineering & MBA programs with Industry Interface, Research and Consultancy. RCE has a team of highly experienced, well qualified and dedicated faculty members in all disciplines.

The Institution is continuously striving for excellence by adopting changes to improve the systems, practices and performance. The college is located at a distance of 11 kms from Eluru.

ABOUT EEE DEPARTMENT

The Department of EEE has been offering a full time four year B.Tech Degree course since the inception of the institution. It is provided with all required infrastructural facilities like well equipped laboratories, well qualified & dedicated faculty and technically sound supporting staff. It is continuously striving to impart quality education and competitive spirit among students for academic excellence. The Department also runs M.Tech programme with specialization in Power Electronics.

ABOUT MATLAB

MATLAB provides a rich set of functionality for the Scientific and Engineering Domain application development. A High Level tool for conceptualization and benchmarking of Electrical Circuits and Control System, Power Electronics Modeling to name a few domains, it is fast evolving and becoming more and more user friendly. The Programming Language Syntax is similar to FORTRAN and C Languages. The tool is best suitable for Research Activities planning,

development and benchmarking of results with current work done in the field.

OBJECTIVES OF THE PROGRAM

1. To emphasize the need for usage of software programs in the area of electrical engineering.
2. To impart knowledge in correlating concepts of Electrical Engineering with Software tools..
3. To impart knowledge in applying MATLAB tools for Electric Circuits, Control Systems and Power System.

TOPICS COVERED

1. Basic Features and Commands of Mat-Lab
2. Strengthening the Knowledge in Mat-Lab based Programming
3. Mat-Lab Programming for Solutions to Electric Circuits
4. Simulink Model of Power Electronics
5. Simulink Model of Control Systems

LEARNING OUTCOMES

1. Application of MATLAB Tools for Electric Circuits, Control Systems and Power Electronics Hands on experience

ELIGIBILITY

This program is open to all the EEE department UG & PG students, faculty members, Research Scholars Engineers from industries are also eligible to apply.

Certification Program on

Skill Based Practical Approach on MATLAB - Programming

Name of the Student:

Class/Sec:

Date:

1. Which one of the following lists contains only legal MATLAB variable names?

- a) Year-2012,time
- b) my Time,1stVar
- c) 2nd_Var,my_currency
- d) my-ID,iii
- e) MyScore1,Student1_ID

2. What is the output of the following script?

```
number = 3;  
switch number  
case {1, 3, 5}  
disp('Odd');  
case {2, 4, 6}  
disp('Even');  
case {3, 6}  
disp('A multiple of three');  
otherwise  
disp('Error!');  
end
```

- a) Error
- b) A Multiple of three
- c) Odd A Multiple of Three
- d) Even
- e) Odd

3. Which one of the following scripts prompts the user for a negative number until the user does so? Assume the user enters only scalar numbers, i.e., no arrays or strings.

- a)

```
prompt = 'Negative number? ';  
while true  
    number = input(prompt);  
    if number < 0  
        break;  
    end  
end
```
- b)

```
prompt = 'Negative number? ';  
while true  
    number = input(prompt);

    number = input(prompt);  
end
```
- e)

```
repeat  
    number = input('Negative number? ');  
until number < 0
```

4. which of the following is not a pre-defined variable in Matlab

- a) pi
- b) inf
- c) i
- d) gravity
- e) j

5. Which of the following will correctly define x, y, and z as symbols ?

- a) `sym (X,Y,Z)`
- b) `syms x y z`
- c) `syms x,y,z`
- d) `sym x,y,z`

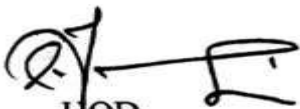

6. In Matlab, this keyword immediately moves to the next iteration of the loop:
- Update
 - goto
 - continue
 - break
7. The output of `cat=['cat' 'dog']` is
- catdog
 - cat dog
 - Cat&dog
 - CatDog
8. Which of the following software errors can be detected by MATLAB before executing a program?
- Logical Error
 - Run Time Error
 - Syntax Error
 - Division By Zero Error
9. Given the following function,
- ```
function [out1, out2] = test_func(vec)
out1 = vec(1);
out2 = 1;
m = length(vec);
for i = 2:m
if vec(i) > out1
out1 = vec(i);
out2 = i;
end
end
```
- What is the output when this function is called as follows?
- ```
>> [val, ind] = test_func([-2 -4 0 1 4 -1]);
>> disp([val ind]);
```
- 1 4
 - 0 3
 - 4 5
 - 4 2
10. Which of the following can be used to export a MATLAB plot to a colour postscript (PS) file?
- Print -cp myplot
 - Save -cp myplot
 - Print -dpsc myplot
 - Save -dpsc myplo

Note: Assessment will be done for **20Marks** each bit carrying **2Marks** if the participant gets 12marks he will be awarded with the certificate.

THREE MONTHS COURSE PROGRAM ON “MATLAB PROGRAMMING”

FROM

02.07.2018-24.09.2018

**An ISO 9001:2015 Certified Engineering College
Graded ‘A’ by A.P Knowledge Mission, Govt of A.P
Permanently Affiliated to JNTU- Kakinada
Accredited by NAAC With B++**

Organized By **DEPARTMENT OF** **Electronics And Communication** **Engineering**

RAMACHANDRA COLLEGE OF ENGINEERING
NH-5, Near Kalaparru Toll Plaza,
Vathuru(V),Pedapadu (M), Eluru,
West GodavariDist. AndhraPradesh-534 006
Ph: +91-8812- 215150,215151,215152
Website: www.rcee.ac.in

ABOUT THE COLLEGE

RAMACHANDRA COLLEGE OF ENGINEERING is a vibrant, forward looking Institution offering a high quality learning experience with a welcoming and friendly environment. **RCE** is approved by AICTE and affiliated to JNTU Kakinada. RCE aims at establishing academic credibility as an Institution offering dynamic UG, PG Engineering & MBA programs with Industry Interface, Research and Consultancy. RCE has a team of highly experienced, well qualified and dedicated faculty members in all disciplines.

The Institution is continuously striving for excellence by adopting changes to improve the systems, practices and performance. The college is located at a distance of 11 kms form Eluru.

ABOUT ECE DEPARTMENT

The Department of ECE has been offering a full time four year B.Tech Degree course since the inception of the institution. It is provided with all required infrastructural facilities like well equipped laboratories , well qualified & dedicated faculty and technically sound supporting staff. It is continuously striving to impart quality education and competitive spirit among students for academic excellence. The Department also runs M.Tech programme with specialization in Power Electronics.

ABOUT MATLAB

MATLAB provides a rich set of functionality for the Scientific and Engineering Domain application development. A High Level tool for conceptualization and benchmarking of Electronic Circuits and Control System, Power Electronics Modeling to name a few domains, it is fast evolving and becoming more and more user friendly. The Programming Language Syntax is similar to FORTRAN and C Languages. The tool is best suitable for Research Activities planning, development and benchmarking of results with current work done in the field.

OBJECTIVES OF THE COURSE

1. To emphasize the need for usage of software programs in the area of electronics engineering.
2. To impart knowledge in correlating concepts of Electronics Engineering with Software tools..
3. To impart knowledge in applying MATLAB tools for Electric Circuits, Control Systems and Power System.

TOPICS COVERED

- 1.Introduction to MATLAB Software
2. Simulations in MATLAB
3. Working with variables in MATLAB environment
4. Trigonometric functions in MATLAB
5. Complex numbers in MATLAB

6. Working with vectors in MATLAB
7. Working with matrices in MATLAB
8. Graphs and plotting in MATLAB
9. Updates in projects
10. Loops Conditions and intro to programming in MATLAB
11. Learn MATLAB and Simulink Programming
12. Bonus Materials for the course

LEARNING OUTCOMES

1. Application of MATLAB Tools for Electric Circuits, Control Systems and Power Electronics Hands on experience

ELIGIBILITY

This program is open to all the ECE department UG & PG students, faculty members, Research Scholars Engineers from industries are also eligible to apply.

RESOURCE PERSONS

Prof. S. Jagan Mohan Rao
HOD, Department of ECE

Mr.J.Prasanth Kumar,
Associate Professor-ECE

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING SKILL BASED PRACTICAL APPROACH ON MATLAB PROGRAMMING ASSESSMENT TEST

DATE:30-09-2018

TIME:30min

Student Name:

Class:

Each Question Carries 2 Marks

Total:10x2=20Marks

1. What is the basic difference between M-files and MAT-files?

()

- a) There is no difference
- b) MAT files are binary data files while m-files are ASCII text files
- c) M files are binary data files while MAT-files are ASCII text files
- d) There is no such thing as MAT files

2.To determine whether an input is MATLAB keyword, command is?

()

- a) is keyword
- b) key word
- c) inputword
- d) isvarname

3. Executing in the command window the following code returns.

()

```
a = [1:3]'; size(a)
```

- a)errormessage
- b)13
- c)31
- d) 3 1

4. Which function is preferable to find the magnitude of a complex number?

()

- a) abs()
- b) sqrt()
- c) cart2pol()
- d) MATLAB does not support complex arguments

5. Command used to display the value of variable x.

()

- a) displayx
- b) disp(x)

- c) disp x
- d) vardisp('x')

6. What happens if we don't assign a variable to an expression which evaluates a numerical value?

()

- a) MATLAB shows error
- b) Nothing happens
- c) The evaluated values are assigned to a variable ans automatically
- d) Depends on the numerical value

7. How can the formulation of polynomial be done from its roots? ()

- a) poly(r), r is a row vector, containing the roots of the polynomial
- b) poly([roots as a column vector])

c) poly([roots as a row vector])

d) poly([roots in descending order as a column vector])

8. MATLAB sees a _____ ordered variable as a vector of dimension n*1. ()

- a) n^{th} , $(n+2)^{\text{th}}$
- b) n^{th} , $(n+3)^{\text{th}}$
- c) $(n-1)^{\text{th}}$, n^{th}
- d) n^{th} , $(n-1)^{\text{th}}$

9. What is the output of the following code? ()

```
T=-9:0:9;  
STEM(T);
```

- a) Error
- b) Plots a ramp function from 0 to 9 units in time
- c) Plots a discrete function
- d) Logical Error

10. Which is the invalid variable name in MATLAB? ()

- a) x6
- b) last
- c) 6x
- d) z

Note: Assessment will be done for **20Marks** each bit carrying **2Marks** if the participant gets 12marks he will be awarded with the certificate

Summary:

The students felt that this Certification Program on Skill Based Practical Approach on MATLAB - Programming is a wonderful and contented lecture from the eminent persons. And also they expressed that they came to know about the new concepts in Matlab Programming which will be very useful for them to do some research work. All the Students Participated in the Certification Program has cleared the Assessment Test and certificates are distributed to them and also they requested to conduct this kind of programs once in the semester.

NAAC Accredited with B++, ISO 9001 : 2015 Certified

Summary:

The students felt that this Certification Program on AMCAT Training is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in Aptitude and Reasoning which will be very useful for them to do attend competitive exams. All the Students Participated in the Certification Program and who cleared the Assessment Test of AMCAT are distributed with certificates and also they requested to conduct this kind of programs once in the semester.

BOS-MINUTES OF MEETING

Thursday, June 1st 2017.

The BOS Meeting of Ramachandra College of Engineering, Eluru is held at the Secretary's chamber at 02.00PM on June 1st, 2017.

AGENDA:

1. To plan the Certificate Programs to be handled for A.Y 2017-18.
2. To Plan the Add on Programs to be handled for A.Y 2017-18.
3. To Plan the Value Added Courses to be handled for A.Y 2017-18.

The Following points has been discussed and resolved:

1. As per Discussions made the following are the Certification Programs to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Department to be Organised
1	Skill Based Practical Approach on MATLAB-Programming	Civil Engineering
2	AMCAT Training Program - CIVIL	Civil Engineering
3	Skill Based Practical Approach on MATLAB-Programming	Electrical and Electronics Engineering
4	Skill Based Practical Approach on PSPICE	Electrical and Electronics Engineering
5	AMCAT Training Program - EEE	Electrical and Electronics Engineering
6	Lathe Operator under PMKVY Scheme	Mechanical Engineering
7	AMCAT Training Program - Mechanical	Mechanical Engineering
8	Test and Repair Technician Under PMKVY Scheme	Electronics and Communication Engineering
9	Skill Based Practical Approach on Programmable Logic Controller	Electronics and Communication Engineering
10	AMCAT Training Program - ECE	Electronics and Communication Engineering
11	NPTEL Certification on Introduction to Programming in C	Computer Science and Engineering
12	Domestic Data Entry Operator under PMKVY Scheme	Computer Science and Engineering
13	AMCAT Training Program - CSE	Computer Science and Engineering

2. As per Discussions made the Add on Programs to be undertaken in this Academic year by the respective Departments and should be planned accordingly by the respective HOD's

3. As per Discussions made the following are the Value Added Courses to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Course Code	Department to be Organised
1	Bridge Course	BC001	Common to all Branches
2	Course on Communication Skill and Personality Development_Module-1 (For Second Year Students)	CS003_1	Common to all Branches
3	Course on Communication Skill and Personality Development_Module-2 (For Third Year Students)	CS003_2	Common to all Branches
4	Course on Communication Skill and Personality Development_Module-3 (For Fourth Year Students)	CS003_3	Common to all Branches
5	Yoga and Meditation	YM004	Common to all Branches
6	Fault analysis in home appliances	FAHA005	Department of Electrical and Electronics Engineering
7	SOLID WORKS	SW006	Department of Mechanical Engineering
8	Circuit Design and Printed Circuit Board Fabrication	CDPCBF007	Department of Electronics and Communication Engineering
9	.NET Frame Work	.NFW008	Department of Computer Science Engineering

The Members Present at the Meeting are:

S.no	Representatives	Name of Board Member	Designation
1	Member of Society	Sri K Venugopal	Secretary
2	JNTUK,University Nominee	Dr.P.SubbaRao	Member
3.	Representative from Industry	Mr.K.Chandra Kaladhara Rao,ADE,Stage IV,VTPS,Vijayawada	Member

Summary:

The students felt that this Certification Program on AMCAT Training is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in Aptitude and Reasoning which will be very useful for them to do attend competitive exams. All the Students Participated in the Certification Program and who cleared the Assessment Test of AMCAT are distributed with certificates and also they requested to conduct this kind of programs once in the semester.

1. What can be used to obtain transient response of a circuit with storage elements?
 - A. Meger tester
 - B. Thevenin's Theorem
 - C. Pspice
 - D. Wheatstone Bridge

2. Derived unit of charge, coulomb(C), is equivalent to an
 - A. ampere
 - B. ampere per second
 - C. ampere second
 - D. ampere per second square

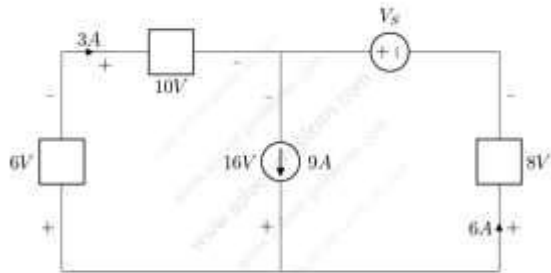

3. Kirchoff's current law is also known as
 - A. Kirchoff's mesh rule
 - B. Kirchoff's second law
 - C. Kirchoff's point rule
 - D. Kirchoff's second rule

4. In Norton's equivalent circuit, all current sources can be replaced by single current source with
 - A. series resistor
 - B. parallel resistor
 - C. series capacitor
 - D. parallel capacitor

5. Period of $v(t)=\cos t+\cos 2\pi t$ is

- A. π s
- B. 2π s
- C. $\pi/2$ s
- D. not periodic

6.

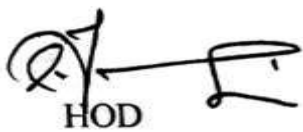

Solve Using PSPICE: A circuit with two sources and three two port elements is studied. Some voltages and currents are given. Voltage of the voltage source is unknown. We need to analyze the circuit, find power of other elements and use the energy conservation to determine the power of the voltage source.

Note: Assessment will be done for 20Marks each bit carrying 2Marks and Problem Carrying 5Marks if the participant gets 12marks he will be awarded with the certificate.

Summary:

The students felt that this Certification Program on Skill Based Practical Approach on PSPICE is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in PSPICE which will be very useful for them to do some research work. All the Students Participated in the Certification Program has cleared the Assessment Test and certificates are distributed to them and also they requested to conduct this kind of programs once in the semester.

It is continuously striving to impart quality education and competitive spirit among students for academic excellence. The Department also runs M.Tech programme with specialization in Power Electronics.

ABOUT COURSE

TV repairmen make repairs to televisions and other related entertainment systems in people's homes, and may help with installation. They can be employed in retail stores, cable companies, schools, government, and various other places, usually working on call. Basic training isn't typically supplied by the employer, so potential applicants should have recent experience working with electronics.

OBJECTIVES OF THE COURSE

1. A solid understanding of electronics and current video technology are necessary to enter the field of television repair
2. Courses typically teach general competencies on a variety of electronics systems, including television, computer, communications and security

TOPICS COVERED

1. Testing of all Electronic Devices
2. Understanding the connections between Electronic Devices and Electrical flow through
3. Trouble shooting on different types of wires
4. How to Repair Power Blink Problem in Dell E173FPB

5. How to Repair Intermittent No Power ACER AL511
6. How to Repair No Display Problem in acer FP558
7. How to Repair Black and White Horizontal Bar Across Screen Problem in Samsung 151V
8. How to Repair Dim Display Problem in Samsung 153V
9. How to Repair No Power Problem In Samsung 153V
10. How to Repair No Power Problem in Samsung 510N
11. How to Repair No Display Problem in Samsung 713N

LEARNING OUTCOMES

statements that describe the knowledge or skills students should acquire by the end of a particular assignment, class, course, or program, and help students understand why that knowledge and those skills will be useful to them.

ELIGIBILITY

This program is open to all Diploma Holders and Who are trying to settle as TV Repair technician can avail the opportunity.

ABOUT MATLAB

MATLAB provides a rich set of functionality for the Scientific and Engineering Domain application development. A High Level tool for conceptualization and benchmarking of Electrical Circuits and Control System, Power Electronics Modeling to name a few domains, it is fast evolving and becoming more and more user friendly. The Programming Language Syntax is similar to FORTRAN and C Languages. The tool is best suitable for Research Activities planning, development and benchmarking of results with current work done in the field.

OBJECTIVES OF THE COURSE

1. To emphasize the need for usage of software programs in the area of electronics engineering.
2. To impart knowledge in correlating concepts of Electrical Engineering with Software tools..
3. To impart knowledge in applying MATLAB tools for Electric Circuits, Control Systems and Power System.

TOPICS COVERED

- 1 . Describe and list the consideration for PLC and Electrical Safety
2. Describe and list the electrical principles and PLCs

- 3 .Identify and list the electrical circuits and their use in PLCs
4. Explain the types and functions of generic PLC hardware
5. List the procedures and considerations for PLC installation and startup.
6. Describe the trouble shooting principles and test instruments used for PLC and system maintenance
7. Analyze a problem with a systematic approach to trouble shoot an automated system
8. Hands on Practice

LEARNING OUTCOMES

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING SKILL BASED PRACTICAL APPROACH ON PROGRAMMABLE LOGIC CONTROLLER ASSESSMENT TEST

DATE:07-10-2017

TIME:30min

Each Question Carries 2 Marks

Total:10x2=20Marks

1. Unitary PLC Has 20 Inputs and -----Outputs ()

- a) 20
- b) 18
- c) 12
- d) 10

2.Ladder logic Programming consists primarily of ? ()

- a)Logic Gate Symbol and Connecting lines
- b) Virtual relay and contact lines
- c)Function Blocks and connecting lines
- d) Text Based codes

3. PLCs having less than-----inputs and outputs are called small PLC ()

- a)50
- b)100
- c)150
- d) 200

4. In a PLC scan time refers to the amount of time in which ()

- a) Timers and counters are indexed by
- b) One rung of ladder logic takes to get complete
- c) The entire program takes to execute
- d)The technician enters the program

5.HMI means-----machine interface ()

- a) Human
- b) Hard
- c) Heart
- d)High

6. Medium PLC has----- inputs and outputs ()

- a) 100-200
- b) 1000-4000
- c) 2000-4000
- d) 4000-8000

7. _____ Language can be programmed interactively with the PLC ()

- a) Online
- b) Offline
- c) Basic
- d) C

8. For a 16-bit register, which is the largest integer number a PLC counter function can reach

()

- a) 32,768
- b) 65,535
- c) 65,536
- d) 32,767

9. In PLC programming, a retentive function is one that ()

- a) Default points to the on state
- b) Default points to the Off state
- c) is not reset after a power cycle
- d) cannot be edited or deleted

10. A good application for a timed interrupt in a PLC program would be ()

- a) A math function block
- b) A PID function block
- c) A communication function block
- d) A motor start/stop rung

Note: Assessment will be done for **20Marks** each bit carrying **2Marks** if the participant gets 12marks he will be awarded with the certificate

Summary:

The students felt that this Certification Program on Skill Based Practical Approach on Programmable Logic Controller is a wonderful and contented lecture from the eminent persons. And also they expressed that they came to know about the new concepts in Logic Controllers which will be very useful for them to do some research work. All the Students Participated in the Certification Program has cleared the Assessment Test and certificates are distributed to them and also they requested to conduct this kind of programs once in the semester.

ANNEXURE – IV

The objective of enabling students obtain certificates for courses is to make students employable in the industry or pursue a suitable higher education programme. Through an online portal, 4-, 8-, or 12-week online courses, typically on topics relevant to students in all years of higher education along with basic core courses in sciences and humanities with exposure to relevant tools and technologies, are being offered. The enrolment to and learning from these courses involves no cost. Following these online courses, an in-person, proctored certification exam will be conducted and a certificate is provided through the participating institutions and industry, when applicable.

The NPTEL course “INTRODUCTION TO PROGRAMMING IN C” has been registered by the following students have been certified.

The Following points has been discussed and resolved:

1. As per Discussions made the following are the Certification Programs to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Department to be Organised
1	AMCAT Training Program - EEE	Electrical and Electronics Engineering
2	Lathe Operator under PMKVY Scheme	Mechanical Engineering
3	AMCAT Training Program - Mechanical	Mechanical Engineering
4	AMCAT Training Program - ECE	Electronics and Communication Engineering
5	AMCAT Training Program - CSE	Computer Science and Engineering
6	Lathe Operator under PMKVY Scheme	Mechanical Engineering

2. As per Discussions made the Add on Programs to be undertaken in this Academic year by the respective Departments and should be planned accordingly by the respective HOD's

3. As per Discussions made the following are the Value Added Courses to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Course Code	Department to be Organised
1	Bridge Course	BC001	Common to CIVIL, EEE,ECE,Mechanical,CSE
2	Course on Communication Skill and Personality Development_Module-1 (For Second Year Students)	CS003_1	Common to CIVIL, EEE,ECE,Mechanical,CSE
3	Course on Communication Skill and Personality	CS003_2	Common to CIVIL, EEE,ECE,Mechanical,CSE

	Development_Module-2 (For Third Year Students)		
4	Course on Communication Skill and Personality Development_Module-3 (For Fourth Year Students)	CS003_3	Common to CIVIL, EEE,ECE,Mechanical,CSE
5	Yoga and Meditation	YM004	Common to CIVIL, EEE,ECE,Mechanical,CSE
6	MATLAB Programming	MATLAB005	Department of Electrical and Electronics Engineering
7	CNC Turning and Milling	CNCTM006	Department of Mechanical Engineering
8	Embedded System Programming	ESP007	Department of Electronics and Communication Engineering
9	Web Development	WD008	Department of Computer Science Engineering

The Members Present at the Meeting are:

S.no	Representatives	Name of Board Member	Designation
1	Member of Society	Sri K Venugopal	Secretary

ABOUT THE COLLEGE

RAMACHANDRA COLLEGE OF ENGINEERING is a vibrant, forward looking Institution offering a high quality learning experience with a welcoming and friendly environment. RCE is approved by AICTE and affiliated to JNTU Kakinada. RCE aims at establishing academic credibility as an Institution offering dynamic UG,PG Engineering& MBA programs with Industry Interface, Research and Consultancy. RCE has a team of highly experienced, well qualified and dedicated faculty members in all disciplines.

The Institution is continuously striving for excellence by adopting changes to improve the systems, practices and performance. The college is located at a distance of 11 kms form Eluru.

ABOUTECEDEPARTMENT

The Department of ECE has been offering a full time four year B.Tech Degree course since the

inception of the institution. It is provided with all required infrastructural facilities like well equipped laboratories, well qualified & dedicated faculty and technically sound supporting staff. It is continuously striving to impart quality education and competitive spirit among students for academic excellence. The Department also runs M.Tech programme with specialization in Power Electronics.

ABOUT COURSE

Candidate will fabricate, assemble and repair a variety of electronic components utilizing common tools and techniques. The candidate shall support the manufacturing, repair, troubleshooting, and refurbishment of electronic hardware. This includes: cables, circuit card assemblies, test sets, gyros, and other miscellaneous equipment. Items manufactured shall meet the requirements of the applicable shop orders, assembly drawings, and standards referenced therein. ctive equipment.

OBJECTIVES OF THE COURSE

1. A solid understanding of electronics and current video technology are necessary to enter the field of television repair
2. Courses typically teach general competencies on a variety of electronics systems, including television, computer, communications and security

TOPICS COVERED

1. Operate and test any support or data acquisition system
2. Diagnose/troubleshoot equipment system failures, isolate cause and take necessary corrective action

3. Plan methods, operations or sequences necessary to perform system installations and/or required modifications
4. Devise, fabricate and evaluate special test apparatus required for failure analysis or design evaluation
5. Troubleshoot/repair/analyze communication equipment or transmission media to include electromagnetic, fiber optic and transmission line devices
6. Operate, data acquisition system to process engineering evaluation production and flight test data
7. Work with production, operations and/or engineering documentation to include work authorization documents, discrepancy documents, sketches, drawings, wiring diagrams, logic diagrams and/or oral/written technical instructions

LEARNING OUTCOMES

statements that describe the knowledge or skill students should acquire by the end of a particular assignment, class, **course**, or program, and help students understand why that knowledge and those skills will be useful to them.

ELIGIBILITY

This program is open to all Diploma Holders and Who are trying to settle as Test and Repair technician can avail the opportunity

RESOURCE PERSONS

Prof. U. Yedukondalu
HOD, Department of ECE

Mr. A. Prasada Rao, Hardware Engineer
Department of ECE

NAAC Accredited with B++, ISO 9001 : 2015 Certified

Summary:

The students felt that this Certification Program on Test and Repair Technician is a wonderful and contented lecture from the eminent persons. And also they expressed that they came to know about the new concepts in Technical Repair Work which will be very useful for them to do some research work. All the Candidates in and around Eluru Participated in the Certification Program has cleared the Assessment Test and certificates are distributed to them and also they requested to conduct this kind of programs once in the semester.
