BOS-MINUTES OF MEETING

Friday, June 1st 2018.

The BOS Meeting of Ramachandra College of Engineering, Eluru is held at the Secretary's chamber at 02.00PM on June 1st, 2018.

AGENDA:

1. To plan the Certificate Programs to be handled for A.Y 2018-19.
2. To Plan the Add on Programs to be handled for A.Y 2018-19.
3. To Plan the Value Added Courses to be handled for A.Y 2018-19.

The Following points has been discussed and resolved:

1. As per Discussions made the following are the Certification Programs to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Department to be Organised
1	AMCAT Training Program - CIVIL	Civil Engineering
2	AMCAT Training Program - EEE	Electrical and Electronics Engineering
3	Skill Based Practicle Approach on MATLAB-Programming	Electrical and Electronics Engineering
4	Computer Numerical Control Turning under PMKVY Scheme	Mechanical Engineering
5	Lathe Operator under PMKVY Scheme	Mechanical Engineering
6	AMCAT Training Program - Mechanical	Mechanical Engineering
7	TV Repair Technician Under PMKVY Scheme	Electronics and Communication Engineering
8	Skill Based Practical Approach on MATLAB-Programming	Electronics and Communication Engineering
9	AMCAT Training Program - ECE	Electronics and Communication Engineering
10	Domestic Data Entry Operator under PMKVY Scheme	Computer Science and Engineering
11	NPTEL Certification on Problem Solving through Programming in C	Computer Science and Engineering
12	NPTEL Certification on Programming in Java	Computer Science and Engineering
13	AMCAT Training Program - CSE	Computer Science and Engineering
14	Financial Institutions and Markets	Master of Business Administration

2. As per Discussions made the Add on Programs to be undertaken in this Academic year by the respective Departments and should be planned accordingly by the respective HOD's

3. As per Discussions made the following are the Value Added Courses to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Course Code	Department to be Organised
1	Bridge Course	BC001	Common to All Branches
2	Course on Communication Skill and Personality Development_Module-1 (For Second Year Students)	CS003_1	Common to All Branches
3	Course on Communication Skill and Personality Development_Module-2 (For Third Year Students)	CS003_2	Common to All Branches
4	Course on Communication Skill and Personality Development_Module-3 (For Fourth Year Students)	CS003_3	Common to All Branches
5	Yoga and Meditation	YM004	Common to All Branches
6	Entrepreneurship Development Program	EDP005	Department of Electrical and Electronics Engineering
7	Making and Maintenance of Electrical Appliances	MMEA006	Department of Electrical and Electronics Engineering
8	SOLID WORKS	SW007	Department of Mechanical Engineering
9	CNC Turning and Milling	CNCTM008	Department of Mechanical Engineering
10	Printed Circuit Board Design and Fabrication	PCBF009	Department of Electronics and Communication Engineering
11	JAVA Programming	JP0010	Department of Electronics and Communication Engineering
12	.NET Frame Work	.NFW0011	Department of Computer Science Engineering
13	Ethical Hacking	EH0012	Department of Computer Science Engineering
14	British Council English Communication Skills Program	OPT_GE_AP_NT	Common to All Branches

The Members Present at the Meeting are:

S.no	Representatives	Name of Board Member	Designation
1	Member of Society	Sri K Venugopal	Secretary
2	JNTUK,University Nominee	Dr.P.SubbaRao	Member
3.	Representative from Industry	Mr.K.Chandra Kaladhara Rao,ADE,Stage IV,VTPS,Vijayawada	Member
4.	Principal	Dr.Dola Sanjay	Member
5.	Vice Principal	Dr.Jagan Mohan Rao	Member
6.	Academic Co-ordinator	Mr.Patcha Khan	Member
7.	HOD-CIVIL	Mr.Satyanarayana	Member
8.	HOD-EEE	Prof.S.Jayalakshmi	Member

Report on "A short term course on computer application in water resources engineering" held at department of Civil engineering Ramachandra College of Engineering, Eluru from 2/01/19 to 4/01/19.

The program on "A short term course on computer application in water resources engineering" was inaugurated with lightning the lamp and prayer song.

Organized by	: **Department of civil engineering**
Name of the Chief Guest	: **Mr. Venugopal**
Designation	: **secretary, Ramachandra College of Engineering**
Name of the Speaker	: **Prof. K.Srinivasa raju**
Designation	: **Professor,Department of civil engg.,BITS Pilani Hydrabad campus**
Topic	: **Computer application in water resources engineering**
Venue	: **Seminar Hall A-BLOCK**
Date & Time	: **2/01/19 to 4/01/19.**

The chief guest, Mr Venugopal, Dr Dola Sanjay, Dr. D Ram Prasad Naik, HOD, faculty members, civil engineering students were stuffed in the A-block seminar hall. The event was started with the chief guest Mr Venu Gopal talk on importance of seminars in students lives.

Dr. Dola Sanjay S, Principal of Ramachandra college of Engineering talks on past and present uses of water resources and importance of water. He also explained about how much change is happening for the water quantity and quality.

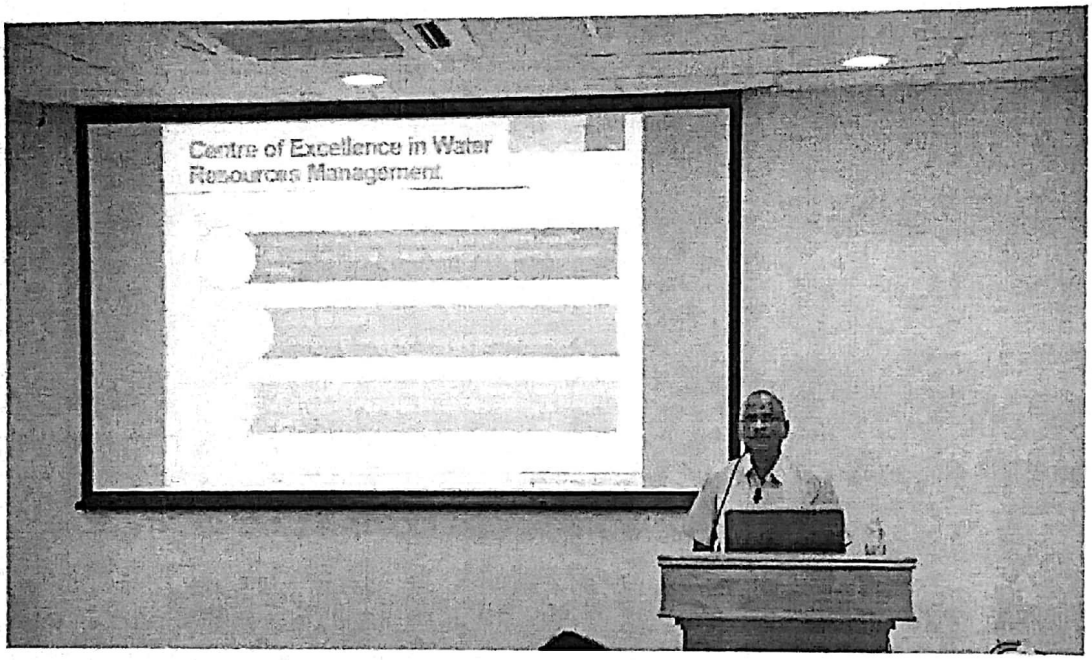

The importance of water for human life was explained by the Mr. B.Satyanarayana, Head of the department Civil engineering .And also he explained the utilization of softwares for water resources analysis.

Now the speaker Prof. K.Srinivasa raju takes over the ssession and explained what is water ,importance of water, computer application importance in water resources area,atatus of water in India. He showed different projects all over in India which were

Summary:

The students felt that this Add Program on Matlab Programming is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in Matlab Programming which will be very useful for them to do some research work. All the Students Participated in the Add Program are distributed with the certificates and also they requested to conduct this kind of programs Twice in the semester.

Summary:

The students felt that this Add Program on **Electric Power grid – Modernization trends Challenges and Opportunities** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **Power Transmission and Distribution** which will be very useful. All the Students Participated in the Add Program are distributed with certificates and also they requested to conduct this kind of programs once in the semester.

ANNEXURE – V

Summary:

The students felt that this Add on Program on **Work shop on on Advanced Manufacturing of Composites** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts **Work shop on on Advanced Manufacturing of Composites in** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **Work shop on on Advanced Manufacturing of Composites** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program on **National Workshop on Modeling and Analysis of Composite Materials using Ansys** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **National Workshop on Modeling and Analysis of Composite Materials using Ansys** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **National Workshop on Modeling and Analysis of Composite Materials using Ansys** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Workshop Report

Format:9014/0

Organized by	: Ramachandra College of Engineering
Name of the Speaker	: Mr. Dhanaraj. D
Designation	: Field Application Engineer
Topic	: Workshop On Mentor Graphics
Venue	: VLSI lab, B-Block
Date & Time	: 4th July to 7th July 2018

Branch	Year	Semester	No of Students Attended
ECE	IV	I	150
Total No of Students Attended			150

Profile of the Speaker

The Name of the Speaker is **Dhanaraj.D**, He is working in Trident Techlabs Pvt Ltd company.
Qualification: MTECH –VLSI & Embedded Systems (Visveswaraya Technological University-Karnataka)
Experience: 2 years of experience in FPGA & ASIC Design Domain.
Have conducted training using Mentor Graphics Tools in various Defence agencies like DRDL and RCI.
Experienced in Layout and PCB design tools.

Report

1. Report in brief by Organizer / Coordinator / Convener:

The main objective of the workshop is to make the students have basic knowledge on Mentor Graphics. Five day work shop is organized for the Departments of ECE -06-2018 on Fundamental Concepts of VLSI circuits. A total of students have attended the workshop.

The workshop is divided into 5-sessions; the first session and second session is totally concentrated in making the students get strong at basics related to the implement the circuit design and how to execute.

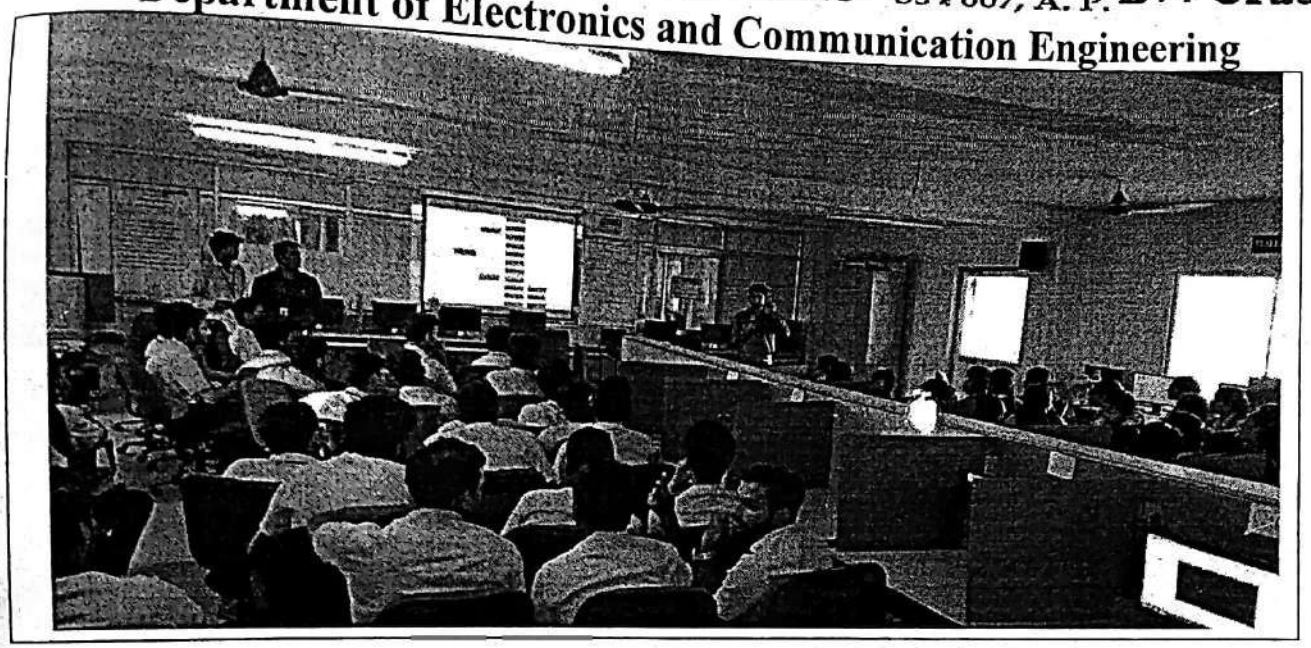

The third session is totally concentrated on layout design and checks the simulation results. The fourth session is discussed about updation of VLSI technologies and Career opportunities on this technology

Report

1. Report in brief by Organizer / Coordinator / Convener:

The main objective of the workshop is to make the students have basic knowledge on MATLAB Programming language. Five day work shop is organized for the Departments of ECE on 19th July 2018 to 23 July 2018 on Fundamental Concepts of Programming. A total no of 150 students have attended the workshop.

The workshop is divided into 2-sessions; the first session is totally concentrated in making the students get strong at basics related to the Arrays, Data types, Header files,& Fundamentals about Structures along with practical applications.

The second session is totally concentrated on Program implementation, writing a code & dumping it on Micro-Controllers using MATLAB.

Report

Report in brief by Organizer / Coordinator / Convener:

The prestigious workshop on Robotics organized by the Ramachandra College of Engineering, Eluru successfully by attracting students from various branches in RCE. The aim of the workshop was to provide a platform for academicians, research, practicing managers and to develop, contribute and present technical skills in Engineering field particularly in Automation. The event helped in bringing together experts from industry and academia to meet, discuss, and share views and experiences on various recent technical topics and challenges of today's world.

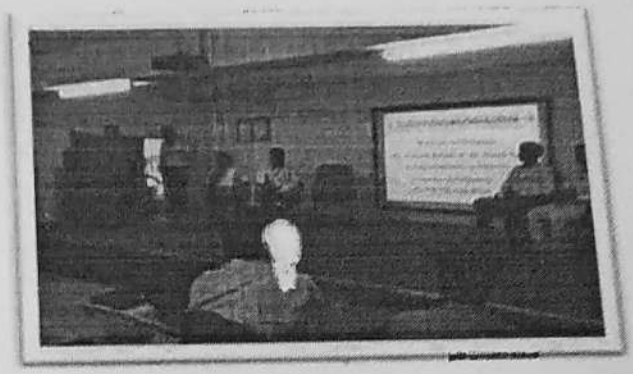

Mr.Avinash Mahato and Nitesh Tudu delivered key note on the fun[illegible]entals in robotics" on the inaugural day. And also inaugurated the SAKROBOTIX RESEARCH CE[illegible]TRE by the delegates from Sakrobotix.

In the second day and third day, Mr.Avinash Mahato and Nitesh Tudu conducted practical sessions.

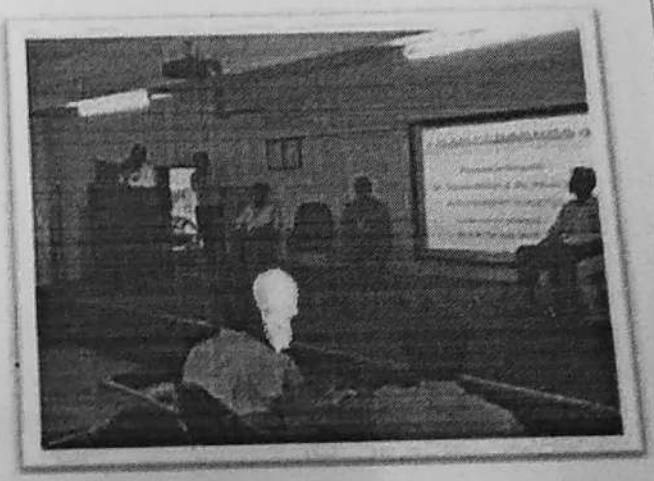

About 92 participants including faculties of Ramachandra college of engineering benefited from the above sessions.

Profile of the Speaker

The Name of the Speaker is **Mr. Khadar Baba Shaik**, He is working in Purple techno Solutions as IoT Application Engineer. A qualified professional with nearly 6+ years of experience in Embedded System Designing & Programming. Hands on experience in Training, Embedded C, Embedded Systems Programming (Micro Controller Programming).The ability to identify objectives, catalogue data and create an effective organization structure from massive amounts of unrelated information. Ability to manage and complete projects to the highest standards meticulously and within specified deadlines of the work.

Report

1. Report in brief by Organizer / Coordinator / Convener:

The main objective of the workshop is to make the students have basic knowledge on Internet of things using Aurdino. Three days work shop is organized for the Department of ECE 28th Aug 2018 to 30th July 2018 on Fundamental Concepts of Aurdino. A total no of 80 students have attended the workshop.

The workshop is divided into 3-sessions. The first session is totally concentrated on Introduction, software installation, basic programming on C and 8051 micro controller. The second session is started with Introduction of sensors, programly sensors using Aurdino and Hardware verification. The third session was started with interfacing the sensors the data to cloud and creating account & sending data to cloud.

Workshop Report

Organized by : Dr. Dola Sanjay S M.Tech , Ph.D, Principal
Ramachandra College of Engineering

Name of the Speaker : Mr. CH.Murali Krishna M.Tech,

Designation : Assistant Professor , Dept. of ECE,
Ramachandra College of Engineering.

Topic : Microstrip antenna design using HFSS

Venue : VLSI LAB

Date & Time : 29-09-2018, 1:10 TO 2:50

Branch	Year	Semester	No of Students Attended
ECE-B	III	I	31
Total No of Students Attended			31

Profile of the Speaker

Mr.Ch.Murali Krishna is an Assistant Professor in Ramachandra college of Engineering, department of ECE , has publications in five international conferences , five international journals in area of Microstrip patch antennas design using HFSS on several applications like ultra wide band, multi band using slot antennas , fractal antennas , PIFA's and FSS techniques. At present working on Reconfigurable antennas along with optimization techniques.
Qualification: M.Tech in Communication Systems and B.Tech in Electronics & Communication Engg.

Report

1. Report in brief by Organizer / Coordinator / Convener:

The main objective of the workshop is to make the students have basic knowledge on HFSS for designing antennas. Two hours Hands-on on HFSS is organized for the Departments of III, ECE-B on 29-09-2018 on Fundamental Concepts of antennas. A total no of 31 students have attended the workshop.

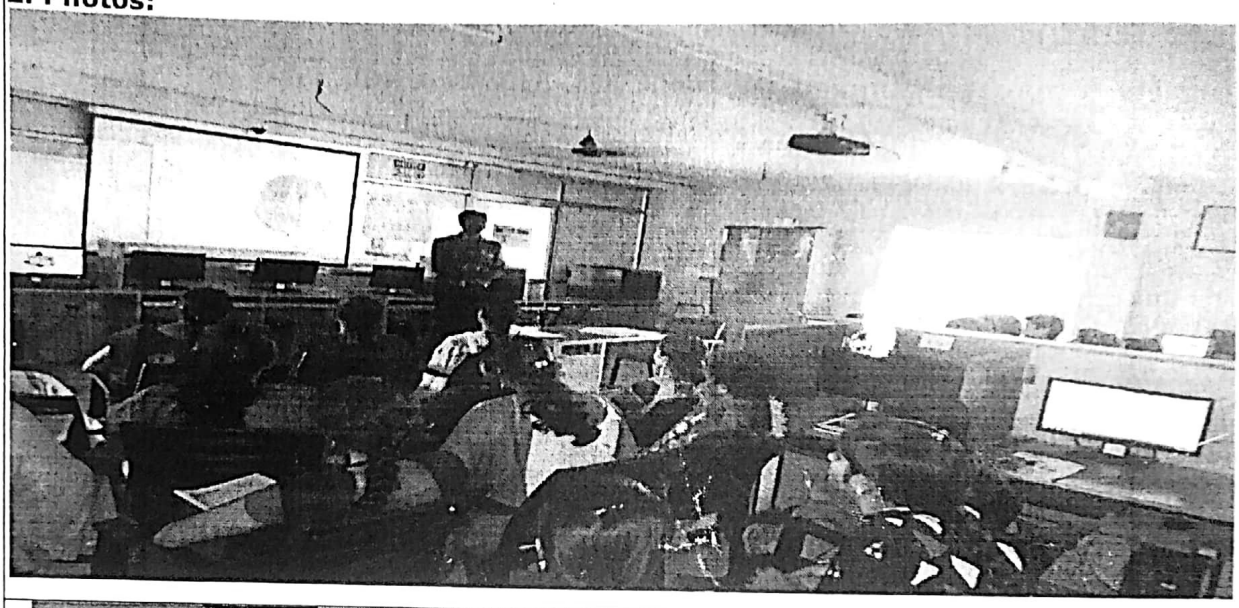

The workshop is divided into 2-sessions; the first session is totally concentrated in making the students get strong at basics related to the Antenna Fundamentals

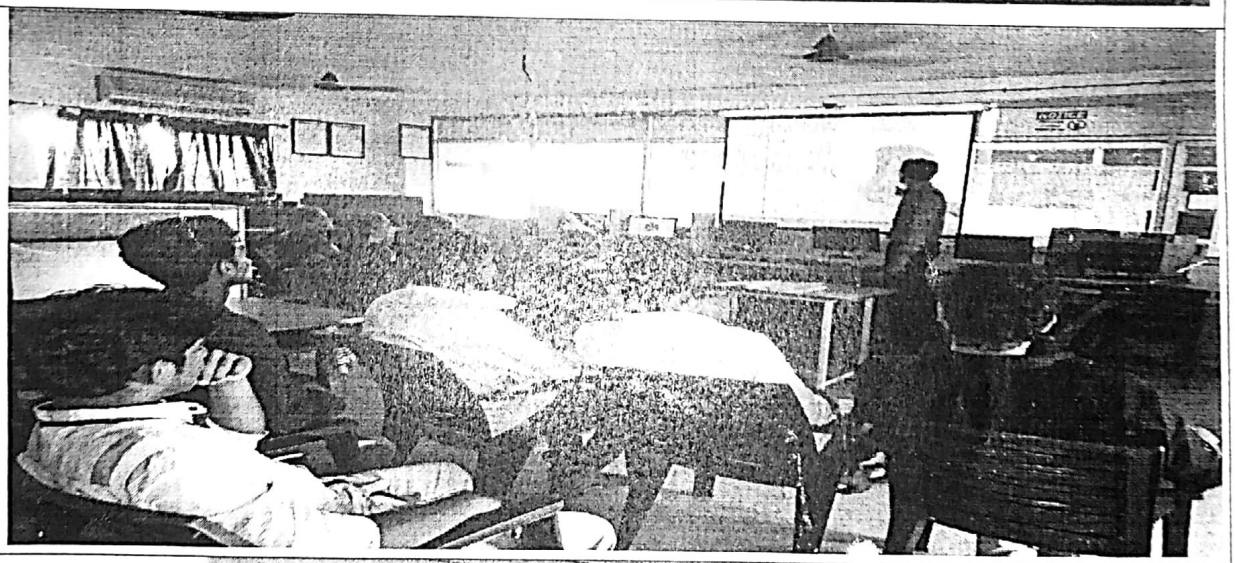

The second session is totally concentrated on, how to design a microstrip antenna.

Report

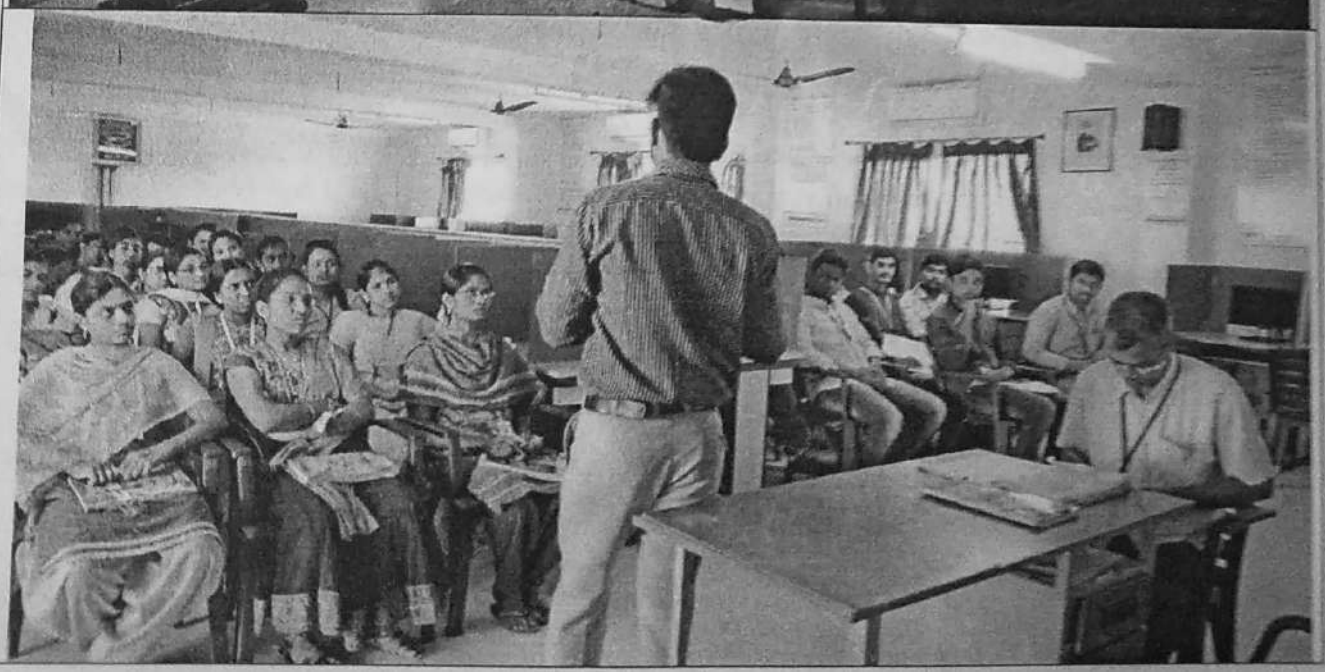

1. Report in brief by Organizer / Coordinator / Convener:

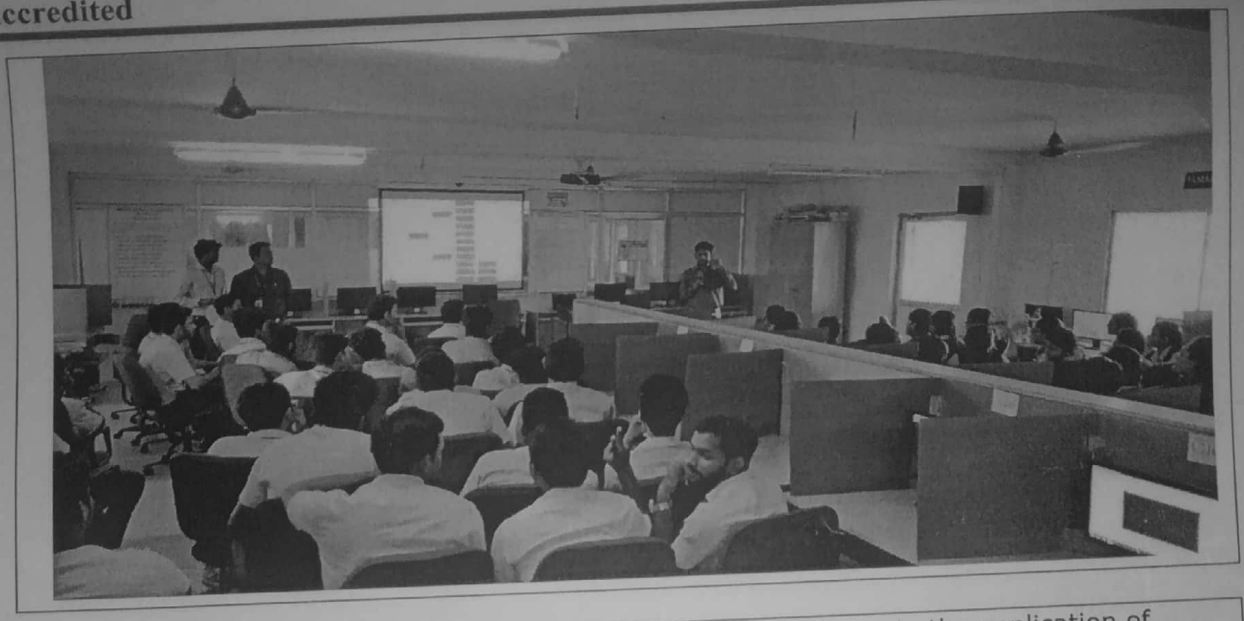

The main objective of the workshop is to make the students to have introduction to IE3D stands for Integral Equation Three-Dimensional (electromagnetic) tool. Two day work shop is organized for the Departments of ECE -30.11.2018 & 01.12.2018. It's a Electromagnetic simulation yield with high accuracy analysis and design of complicated microwave and RF printed circuit, antennas, high speed digital circuits and other electronic components. IE3D is an integrated full-wave electromagnetic simulation and optimization package for the analysis and design of 3-dimensional microstrip antennas and high frequency printed circuits and digital circuits, such as microwave and millimeter-wave integrated circuits (MMICs) and high-speed printed circuit boards (PCBs). Since its formal introduction in 1993 MTT-Symposium, the IE3D has been adopted as an industrial standard in planar and 3D electromagnetic simulation. Much improvement has been achieved in the IE3D. The IE3D has become the most versatile, easy to use, efficient and accurate electromagnetic simulation tool.

BOS-MINUTES OF MEETING

Thursday, June 1st 2017.

The BOS Meeting of Ramachandra College of Engineering, Eluru is held at the Secretary's chamber at 02.00PM on June 1st, 2017.

AGENDA:

1. To plan the Certificate Programs to be handled for A.Y 2017-18.
2. To Plan the Add on Programs to be handled for A.Y 2017-18.
3. To Plan the Value Added Courses to be handled for A.Y 2017-18.

The Following points has been discussed and resolved:

1. As per Discussions made the following are the Certification Programs to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Department to be Organised
1	Skill Based Practical Approach on MATLAB-Programming	Civil Engineering
2	AMCAT Training Program - CIVIL	Civil Engineering
3	Skill Based Practical Approach on MATLAB-Programming	Electrical and Electronics Engineering
4	Skill Based Practical Approach on PSPICE	Electrical and Electronics Engineering
5	AMCAT Training Program - EEE	Electrical and Electronics Engineering
6	Lathe Operator under PMKVY Scheme	Mechanical Engineering
7	AMCAT Training Program - Mechanical	Mechanical Engineering
8	Test and Repair Technician Under PMKVY Scheme	Electronics and Communication Engineering
9	Skill Based Practical Approach on Programmable Logic Controller	Electronics and Communication Engineering
10	AMCAT Training Program - ECE	Electronics and Communication Engineering
11	NPTEL Certification on Introduction to Programming in C	Computer Science and Engineering
12	Domestic Data Entry Operator under PMKVY Scheme	Computer Science and Engineering
13	AMCAT Training Program - CSE	Computer Science and Engineering

2. As per Discussions made the Add on Programs to be undertaken in this Academic year by the respective Departments and should be planned accordingly by the respective HOD's

3. As per Discussions made the following are the Value Added Courses to be undertaken in this Academic year by the respective Departments

S.no	Name of the Certification Program	Course Code	Department to be Organised
1	Bridge Course	BC001	Common to all Branches
2	Course on Communication Skill and Personality Development_Module-1 (For Second Year Students)	CS003_1	Common to all Branches
3	Course on Communication Skill and Personality Development_Module-2 (For Third Year Students)	CS003_2	Common to all Branches
4	Course on Communication Skill and Personality Development_Module-3 (For Fourth Year Students)	CS003_3	Common to all Branches
5	Yoga and Meditation	YM004	Common to all Branches
6	Fault analysis in home appliances	FAHA005	Department of Electrical and Electronics Engineering
7	SOLID WORKS	SW006	Department of Mechanical Engineering
8	Circuit Design and Printed Circuit Board Fabrication	CDPCBF007	Department of Electronics and Communication Engineering
9	.NET Frame Work	.NFW008	Department of Computer Science Engineering

Summary:

The students felt that this ADD ON Program on Skill Based Practical Approach on PSPICE is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in PSPICE which will be very useful for them to do some research work. All the Students Participated in the ADD ON Program are distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add Program on **Advancements in Monitoring Power Levels in Sub-Station** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **Power Levels in Sub-Station** which will be very useful. All the Students Participated in the Add Program are distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program on **Workshop on 3d Printing and Reverse Engineering** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **Workshop on 3d Printing and Reverse Engineering** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **Workshop on 3d Printing and Reverse Engineering** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program on **National level Seminar on Applications and Techniques of Micro Machining** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **National level Seminar on Applications and Techniques of Micro Machining** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **National level Seminar on Applications and Techniques of Micro Machining** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Workshop Report

Organized by : Dept. of ECE, Ramachandra College of Engineering
Name of the Speaker : Mr. Khasim, Innovative Technologies, Vijayawada
Designation : H/W Trainer
Topic : Embedded systems
Venue : Room.No.208, Block-B
Date & Time : 07-08-2017, 9:00 AM

Branch	Year	Semester	No of Students Attended
ECE	IV,III,II	II	64
Total No of Students Attended			64

Profile of the Speaker

Mr. Khasim is a H/W trainer FROM Innovative technologies in Vijayawada. He had a great passion on designing and development of embedded systems fields. Give motivation to the students regarding ethics followed by the engineers to go for designing of any model and basics values.

Report

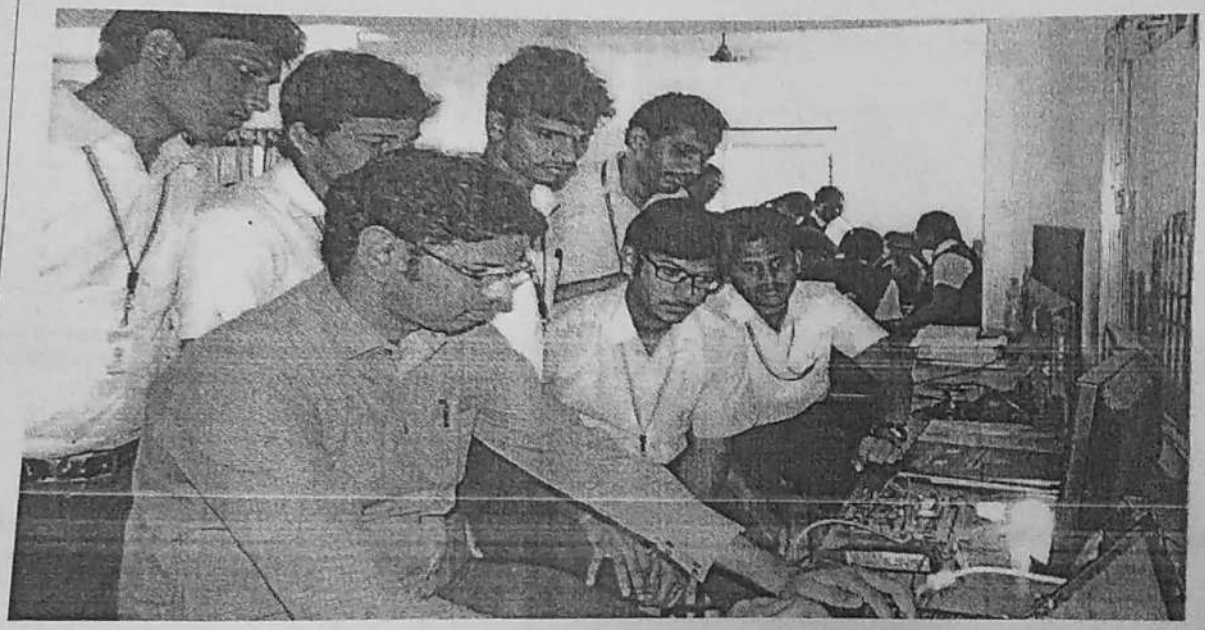

1. Report in brief by Organizer / Coordinator / Convener:

The Guest lecture is planned on 7-08-2017 after receiving permission from Mr. Khasim Sir through phone. We had a very detailed explanation from the Sir about embedded systems. The Lecture is very useful for the ECE students.

After completion of this workshop students are enriched in the area of values and ethics to design a model in the field of electronics and communication engineering.

All the students are very happy after listening to the class.

2. Photos

3. Feedback from students:

- Your overall experience: Excellent
- The comprehensiveness, clarity and accuracy of the information provided : Excellent
- Guest Lecturer knowledge, co-operation and level of explanation: Excellent

Summary:

The students felt that this Add Program on **Advancements In Monitoring Power Levels In Substation** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **Monitoring Power Levels In Substation** which will be very useful. All the Students Participated in the Add ON Program are distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program on **National Level Workshop on Computational Research using MAT lab** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **Non Destructive Testing in** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **National Level Workshop on Computational Research using MAT lab** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program **National level Workshop on Automated Manufacturing Techniques on Sim Setup** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **National level Workshop on Automated Manufacturing Techniques on Sim Setup** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **National level Workshop on Automated Manufacturing Techniques on Sim Setup** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program **National level workshop on Tribology Frontier in Design & Manufacturing** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **National level workshop on Tribology Frontier in Design & Manufacturing** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **National level workshop on Tribology Frontier in Design & Manufacturing** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program on **National Seminar on Advanced composite nano tube** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **composite nano tube in** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **National Seminar on Advanced composite nano tube** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Guest Lecture Report

Organized by : Dept. of ECE, Ramachandra College of Engineering

Name of the Speaker : Mr. Khasim, Innovative technologies, Vijayawada

Designation : H/W Trainer

Topic : Embedded systems

Venue : Room.No.208, Block-B

Date & Time : 17-08-2016, 9:00 AM

Branch	Year	Semester	No of Students Attended
ECE	IV,III,II	II	78
Total No of Students Attended			78

Profile of the Speaker

Mr. Khasim is a H/W trainer FROM Innovative technologies in Vijayawada. He had a great passion on designing and development of embedded systems fields. Give motivation to the students regarding ethics followed by the engineers to go for designing of any model and basics values.

Report

1. Report in brief by Organizer / Coordinator / Convener:

The Guest lecture is planned on 17-087-2016 after receiving permission from Mr. Khasim Sir through phone. We had a very detailed explanation from the Sir about embedded systems.The Lecture is very useful for the ECE students.

After completion of this workshop students are enriched in the area of values and ethics to design a model in the field of electronics and communication engineering.

All the students are very happy after listening to the class.

2. Photos

3. Feedback from students:

- Your overall experience: Excellent
- The comprehensiveness, clarity and accuracy of the information provided : Excellent
- Guest Lecturer knowledge, co-operation and level of explanation: Excellent

Report

1. Report in brief by Organizer / Coordinator / Convener:

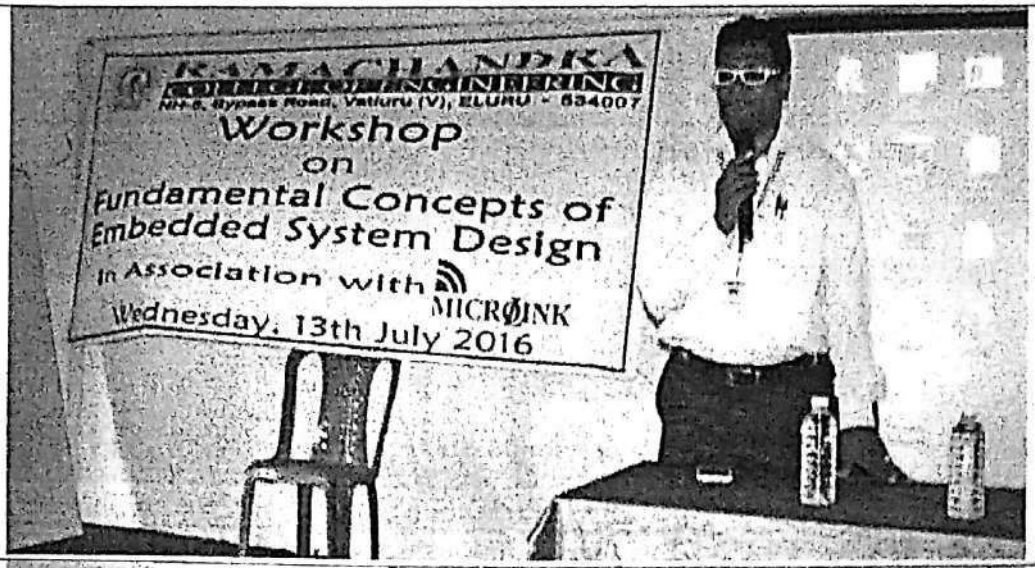

The main objective of the workshop is to make the students have basic knowledge on Embedded system design. One day work shop is organized for the Departments of ECE & EEE on 13-07-2016 on Fundamental Concepts of Embedded System Design. A total of 7 students have attended the workshop.

The workshop is divided into 2-sessions; the first session is totally concentrated in making the students get strong at basics related to the Voltage, potential difference, current, Resistor, Capacitor, and Ohms Law & Fundamentals about op-amps along with practical applications with help of LED.

The second session is totally concentrated on Designing, writing a code & dumping it on Micro-Controllers using Embedded 'C' programming.

3. Feedback from students: Students' have got good knowledge in introductory part of Embedded Systems. Interaction of the mentor is quite good with the students.

4. Remarks from Resource Person: Very good opportunities are available in the field of Embedded systems. Students' are good and pay complete attention on my lecture.

Guest Lecture Report

Organized by : Dept. of ECE, Ramachandra College of Engineering

Name of the Speaker : Mr. Khasim, Innovative technologies, Vijayawada

Designation : H/W Trainer

Topic : Microcontroller and Applications

Venue : Room.No.208, Block-B

Date & Time : 22-04-2017, 9:00 AM

Branch	Year	Semester	No of Students Attended
ECE	IV,III,II	II	77
Total No of Students Attended			77

Profile of the Speaker

Mr. Khasim is a H/W trainer FROM Innovative technologies in Vijayawada. He had a great passion on designing and development of embedded systems fields. Give motivation to the students regarding ethics followed by the engineers to go for designing of any model and basics values.

Report

1. Report in brief by Organizer / Coordinator / Convener:

The Guest lecture is planned on 22-04-2017 after receiving permission from Mr. Khasim Sir through phone. We had a very detailed explanation from the Sir about embedded systems.The Lecture is very useful for the ECE students.

After completion of this workshop students are enriched in the area of values and ethics to design a model in the field of electronics and communication engineering.

All the students are very happy after listening to the class.

2. Photos

'3. Feedback from students:

- Your overall experience: Excellent
- The comprehensiveness, clarity and accuracy of the information provided : Excellent
- Guest Lecturer knowledge, co-operation and level of explanation: Excellent
- Guide's enthusiasm: Excellent
- Guide's knowledge: Excellent

Guide's Communication: Excellent

4. Remarks from Resource Person:

- Students are well disciplined
- Students need to improve their subject knowledge by reading the standard text books.

Workshop Report

Organized by : Ramachandra College of Engineering

Name of the Speaker : Dr. K. Durgaprasad

Designation : Director, HR services, ERDL, Bangalore

Topic : Two Day workshop on P-Spice

Venue : Auditorium

Conducted for :

Branch	Year	Semester	No of Students Attended
ECE	IV	I	75
ECE	III	I	130
ECE	II	I	95
Total No of Students Attended			300

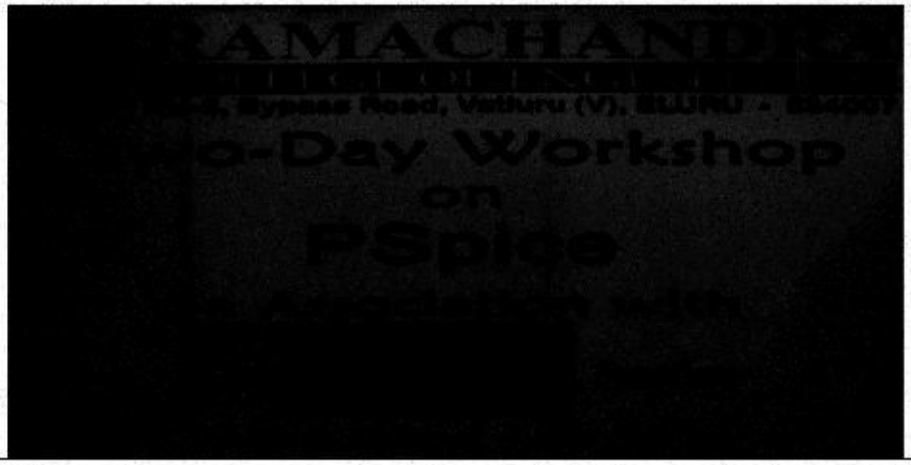

Profile of the Speaker

ERDL [Electronics Research Design Labs] is a Bangalore based non-government body, which came in to existence in the year 2005.ERDL maintained by Doctorates in the field of electronics, has been established to encourage innovation in engineering design for the Indian context. It is a platform that facilitates young and experienced engineers to connect, collaborate and innovate. Being committed to education, the organization gives due importance to career growth and self-development. Science & Engineering graduates and working professionals will benefit directly from the organization activities. The organization advisory board of experienced and eminent engineers will offer technical and career guidance. And Dr. K.Durgaprasad is well known for his programming knowledge in P-Spice. In this field , he is having the experience of more than 15 years.

Report

1. Report in brief by Organizer / Coordinator / Convener: We all experienced engineering students who have difficulties with circuit fundamental principles, and will not benefit from a rigorous mathematical analysis. One solution is to use the teaching world of P-Spice simulation. And the main aim of this workshop is to educate the students about the importance of simulation tools. The workshop has been organized in two days. In the first day, the speaker elaborates about the importance of P-Spice, job opportunities available for the students who are good in P-Spice etc., and the explanation related to writing the program has been given. In the second day, morning session completely spent on writing programs for different electronic circuits, how to simulate the circuit etc., and in the afternoon session, hands on session has been conducted for the students in the simulation lab in the c-block. Students practice the programs with the guidance of the speaker and the faculty members.

The students gained the knowledge on 3D Printing and its basic terminology. They were able to understood the advantages and limitations of 3D Printing. The add on program on 3D PRINTING, a contented lecture from the eminent personality introduced the methods and technologies of 3DP and its applications. The lecture equipped students with the knowledge of all available digital tools and techniques necessary for exploring 3D designs. All the Students Participated in the Add Program was distributed with the certificates.

Summary:

The students felt that this Add Program on **Reactive Power Compensation using Facts- Ancillary Services in Power System** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **Reactive Power Compensation** which will be very useful. All the Students Participated in the Add Program aredistributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program on **National workshop on Rapid Protyping & 3D Printing** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts **National workshop on Rapid Protyping & 3D Printing in** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **National workshop on Rapid Protyping & 3D Printing** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program on **Workshop on Testing & Characterization of Materials** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts **Workshop on Testing & Characterization of Materials in** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **Workshop on Testing & Characterization of Materials** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program on **Workshop on advanced vibration analysis MAT lab hand on sessions** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts **Workshop on advanced vibration analysis MAT lab hand on sessions in** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **Workshop on advanced vibration analysis MAT lab hand on sessions** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Mr.P.Madhusudhana Rao is known consultant for networking. He introduced first of its kind "INTERNET OF THINGS" training and workshop in INDIA. Their endeavour is to impart skills those are highly in demand and will become industries new big things in the coming years. So, on this pursuit , they were offrering this program which is the result of extensive research as well as high level consulting work done by their team in the past. They have trained many young engineers in the past years on this project. has over 12 years of experience in this industry.

Report

1. Report in brief by Organizer / Coordinator / Convener:

Mr.P.Madhusudhana Rao had trained the students of IV year in their respective class room.. They have conducted IOT TRAINING for the students.IOT course is meant to be an exhaustive introduction to the fascinating world of devices connected to each other through internet commonly reffered to as internet things. the students were trained in this course as designed to be acommon practical meeting point for both manufacturing industry personnel as end users, as well as IT professionals, who are responsible for delivering innovative IT solutions.

The details of the topics covered are listed below.

3. Feedback from students: Students' have got good knowledge in introductory part of networking concepts. Interaction of the mentor is quite good with the students.

4. Remarks from Resource Person: Very good opportunities are available in the field of networking technologies. Students are good and pay complete attention on my lecture.

Summary:

The students felt that this Add Program on **Advancements In Monitoring Power Levels In Substation** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **Monitoring Power Levels In Substation** which will be very useful. All the Students Participated in the Add ON Program are distributed with certificates and also they requested to conduct this kind of programs once in the semester.

Summary:

The students felt that this Add on Program on **Workshop on robotics** is a wonderful and contented lecture from the eminent person. And also they expressed that they came to know about the new concepts in **Workshop on robotics in** which will be very useful for them to do attend interviews. All the Students Participated in the Add on Program of **Workshop on robotics** and distributed with certificates and also they requested to conduct this kind of programs once in the semester.
