The program has been planned to be conducted at three places. At first by 6:00 pm, the program is started at Grama panchayat office. Panchayat president Mr.Pamarthi Rangarao and secretary Mr.Chudavarappu Padmakar came and grace the occasion. The student presented the power point presentation and explain them about cashless transaction. They have played a video explaining the operation of swiping machine. 60 people from the village gathered at this place. And they have raised some doubts about operating ATM cards etc., Our students clearly clarified their doubts. And they insisted the importance of cashless transaction awareness because; in future no physical rupee note will be available. And also they said that because of this scheme, corruption will be eradicated and the status of the villages will get improved. They conclude that cashless transaction will improve the standard of our country. People listened very patiently and very interestingly.

By 7:00 pm, the same program has been conducted at Vempadu RCM church. Here, 40 people have been gathered. By 8:15 pm, the program has been conducted at Vempadu Hanuman Temple.

The Head of the Department, Electrical and Electronics Engineering Prof.S.Jayalakshmi presented the Panchayat President Mr.Pamarthi Rangarao and Secretary Mr.Chudavarappu Padmakar the gift on behalf of Ramachandra College of Engineering, Eluru.

The program came to an end by 9:30 pm.

## Feedback from public people:

The people who have attended the awareness program expressed that they have really come to know the operation of swiping machine. Really the program is very much useful to them. And also they have requested, if possible, try to conduct one more session related to cashless transaction. And also they said that the students explained the things in the very nice and understandable manner.
